

# Pump/Motor Baseplates & Guards

HDD Series  
Horizontal direct drive

HFD Series  
Horizontal flanged adapter drive

HBD Series  
Horizontal belt drive with guard

VBD Series  
Vertical belt drive with guard

- Heavy gauge construction
- Ready to assemble – all mounting holes fully threaded
- Complete package includes all bolts, guards and shims
- Available for size 56 through 326 NEMA motor frames
- Customized versions available
- Baseplates and guards available in blue epoxy powder coated steel or Grade 304 stainless steel
- Pump, motor, adjustable motor base, coupling, flange adapter, pulleys and belt ordered separately
- Belt guards are flattened expanded metal half inch mesh
